City

Zürich

Job Type

Full Time, Part Time

Your role

Are you innovative? Are you fascinated by new online and mobile digital payments methods developed by banks and FinTechs? Do you want to create convenient, customer oriented solutions and be a part of the dynamic team effectively influencing Swiss market? If so, then Card & Payment Solutions Team is looking for you!

What we offer:

In this role, you will be directly involved in innovative topics and projects in the area of cards, cash and payments. You will have a unique opportunity to develop strategy and lead the digital evolution of our products, such as: online and mobile solutions for UBS cardholders, state of the art self-services, Apps, and many more.

Key activities include:

- investigate potentials by analyzing solutions available on the Swiss and international markets together with the strategic positioning and development of UBS products
- develop and define a future-oriented strategy for a digital card and payment offering
- create convincing business cases and powerful management presentations for new products, services and business projects
- lead projects from the strategic business side by designing, scoping and defining of new solutions, including defining project requirements, use cases and customer journeys
- plan roll-out and execution
- coordinate project work-plans assuring budgets & deliverables followed by defining roll-out plan and execution
- network within UBS and external partners by close collaboration with key

stakeholders such as IT, Legal, Compliance, Marketing, Channels and external vendors

Your team

You will work in Zurich for the area "Cards & Payment Solutions" and be integrated in the highly motivated "Product Shelf Management" team. The team supports product managers in the evaluation of opportunities and offers insights into a wide spectrum of interesting and versatile topics related to cards, cash and payments.

Your expertise

You need to have completed your university degree, preferably in the area of business, innovations, finance or economics.

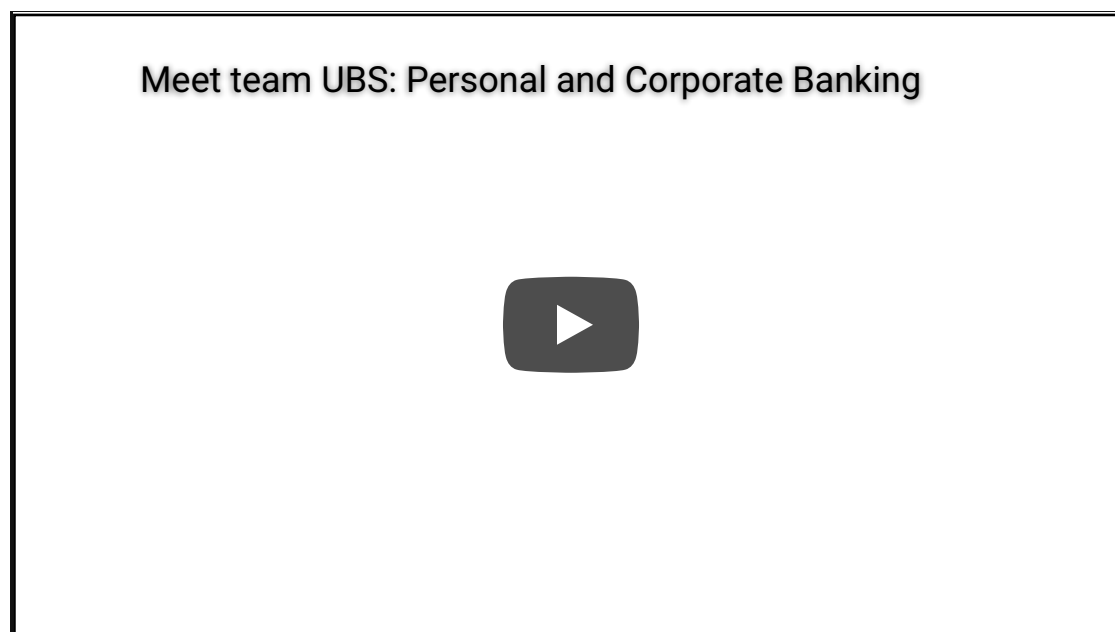

In particular, you need to have:

- excellent communication in German and English
- at least 2 years of professional experience in a strategic consulting in banking environment or in the financial industry as a project manager and consultant
- a focus set on innovations, user experience and development in the area of cards and payments
- proven track record in conceptual work (creating business cases and management presentations) and designing innovative and market-oriented solutions

You are:

- able to operate at strategic, tactical and operational levels
- structured
- comfortable in dealing with ambiguity and operating in a fast paced environment
- reliable and precise in terms of quality and deadlines

Your colleagues
